Don't ya just love a new year? A new beginning? A new start?

I sure do. But I've realized there is an important element to a new beginning that most people completely miss.

**That important  
element is completion.**

**Yes, completing the year before  
in your own heart and mind  
creates a clearing for creation.**

Think of an artist who is about to paint a masterpiece. Before they begin, they prepare the canvas. The painter who is about to paint a wall, first applies a primer.

And so it is with you. Are you complete with 2010?

You know you're complete when you can smile and feel grateful for all that last year was and for all that it wasn't!

Hmmmm.... that one probably got you. Right?

There is a power in standing whole and complete with whatever occurred in 2010. When you get into that place of feeling appreciation and gratitude of where you are and of who you are, and you accept that you are continuously evolving in perfect timing, then you can create 2011 in a space of greater power.

**When you stand in that delicate balance of being optimistic about what is to come, without being unhappy about where you stand, you create a powerful clearing for creating!**

Here are a few questions you can answer to get complete with the year and create a clearing for creating 2011 with wholeness, harmony and power.

**Question #1:** What are your accomplishments for the year 2010 in the following areas?

1. Spiritual
2. Personal
3. Financial
4. Family
5. Career
6. Love and Romance
7. Friendships

If you're like me, you may start to think about how you 'missed the mark' in these areas. Don't even go there! Stay disciplined to write down only your accomplishments in these areas. Notice. Reread what you wrote and notice. Let the accomplishment exist. Give them energy. Notice.

**Question #2:** What are the areas of your life where you fell short, didn't accomplish what you set out to or missed the mark in terms of your goals in the following areas?

1. Spiritual
2. Personal
3. Financial
4. Family
5. Career
6. Love and Romance
7. Friendships

**Question #3:** What else do you need to say or do so that the year is complete for you?

BE complete with 2010!

Now that you have created a clearing and you are “whole and complete” with 2010, you are ready to create 2011.

### **Creating 2011**

Your first step is to MAKE A DECISION. What do you want? Most people never achieve their goals because they never set them!

**When you decide what you want  
you open up portals of  
opportunity and release the  
energy that attracts ideas, people  
and opportunities that will  
achieve your desires.**

Writing down what you want is the most powerful step in making a decision. Put your goals to paper. Write with clarity and commitment.

**Question #1:** What are you committed to accomplishing this year in these areas.

1. Spiritual
2. Personal
3. Financial

4. Family
5. Career
6. Love and Romance
7. Friendships

**Question #2:** What is your “Belief Level” with these goals and what do you need to do to enhance your BELIEF in your accomplishing these goals? Maybe it’s to create a Vision Board, write out a movie of your success and read it daily. It may be to learn ~ even master the core skill you’ll need to accomplish these goals.

**The formula to accomplish your goals in 2011 is: BELIEF plus superior knowledge and service = Success.**

How are you doing with these areas and what will you DO to enhance them?

I once heard Brian Tracy ask this question: “*What one skill will help you the most to double your income in 2011?*” Decide on what this skill is and commit to mastering it.

Become a master at what you do and it will kick open doors of opportunity and cause your clients and customers to be loyal and recommend you to others.

**Question #3:** What are the mantras you’ll speak every day? Mantras literally retrain the brain and create rock-solid belief. Read these mantras out loud. The spoken word is powerful! The spoken word creates! You’ll increase the level you’re vibrating when you speak these mantras out loud. This creates a force field in the Universe that taps into the supernatural.

Here are some of my mantras:

“I am divinely guided.”

“I am always taken care of.”

"I am so happy and grateful for all that I have, all that I am and all that I am creating!"

"2011 is the year I make the most money I've ever made!"

"I have been called to serve!" I have been chosen to make a difference!"

"Anything, anything, anything is possible!"

"I am a miracle manifester!"

Add several of your own...

These mantras transform who you are. And we all know, your business grows as fast as you do.

You want to create your best year in 2011? First, create a clearing and be complete with 2010. When you are whole and complete with where you are then you are in the most powerful space to create 2011. And then... When you know what you want, write it down on paper, speak it out loud and create mantras that enforce and enhance your belief in them and enhance your skill and way of being to the level of mastery, ANYTHING IS POSSIBLE for you in 2011.

You will accomplish the goals you've set for yourself and enjoy a whole new level of living in 2011.

Make it an epic year that ushers in decades of prosperity and abundance!

Warmly,
