

Use Your Imagination

Your imagination will show you how to turn possibility into reality.

by **Max Steingart**

269 words | 2 pages

Your mind is your mental workshop.
You can build anything you want in it.
Visualize what you want.
See it, feel it, believe in it.

Make your mental blue print,
and then begin construction.
See things as you would have them be
instead of as they are.

**Use your
imagination to
perceive your new
reality even when it is not fully
materialized.**

Remember, you must first clearly see a thing in your mind before you can do it.

Your imagination will show you how to turn possibility into reality.
The beginning of your success is in your imagination.
First think, then organize your thoughts into plans.
Then transform your thoughts into reality by taking some positive action.

See the things you want as already yours.
Think of them as yours, as belonging to you, as already in your possession.
Picture yourself as having already achieved your goal.

Dreams and ideas can cross continents and oceans.
They go anywhere you can go.
What you see is what you get.

Max Steingart has been helping people make money for more than 30 years with computers. Before the Internet existed and prior to his participation in the direct sales and network marketing industry, Max created the world's largest database publishing company. It became an INC 500 company and his business innovations earned him accolades from two US Presidents. INC Magazine named him their Success Story of the Year.
